# GIRAFFE ENCOUNTERS

Here's one way to do giraffe encounters:

Roll 1d12 on the table a take the encounter you get.

Here's another more chaotic way to do giraffe encounters:

1. Roll 3d6. One for *who*, one for *what*, one for *but*.
2. Count down that many lines in each column, skipping over any crossed out items
3. Note what you got and cross it off the table.
4. Use the combination of *who* + *what* + *but* to create an imaginative encounter.
5. Repeat as many times as you like.

If any dice rolls "best leaves" then start to wrap up loose ends and towards a conclusion. Ideally one in which you finally get the best leaves!
